

**The great wisdom traditions agree on this essential goal:**

*“Treat others as you would like them to treat you.”* We train to live the “Golden Rule.”

Some of our “pebbles” for Co-Creating A World that Works for All:

- o **Inclusivity** (we’re all in this together)
  - o develop awareness of how communication is shaped by its purpose
  - o explore our filters and blind-spots
  - o practice preparation and re-framing
  - o increase our understanding of power
  - o Practice the 12 steps to inclusivity
  
- o **Catalyst Leadership** (we are the Ones we’ve been waiting for)
  - o convene conversations to hear where common ground exists and where it doesn’t; disagree without disconnecting
  - o practice strategic questioning
  - o we **nudge, titillate and/or provoke** to build bridges to greater understanding in the world
  - o “We can not fix a problem with the same thinking that created it.”

Our **HEAD** tells us what *needs* to be done; our **HEART** tells us *where* to plug in ...

**The Noetic BET:**

- o Reality is more than merely physical
- o Everything and everyone is interconnected
- o We can consciously participate in our own evolution

*Join us as we learn to playfully disagree without disconnecting! We need your Insights and Expertise so we can explore together how our little Ripple can best unite with other Ripples to facilitate the Global Mind Change we need.*

**The 3 Requisites to Foster a Cooperative Community:**

**Enoughness** — everyone has enough; resources are shared according to individual needs.

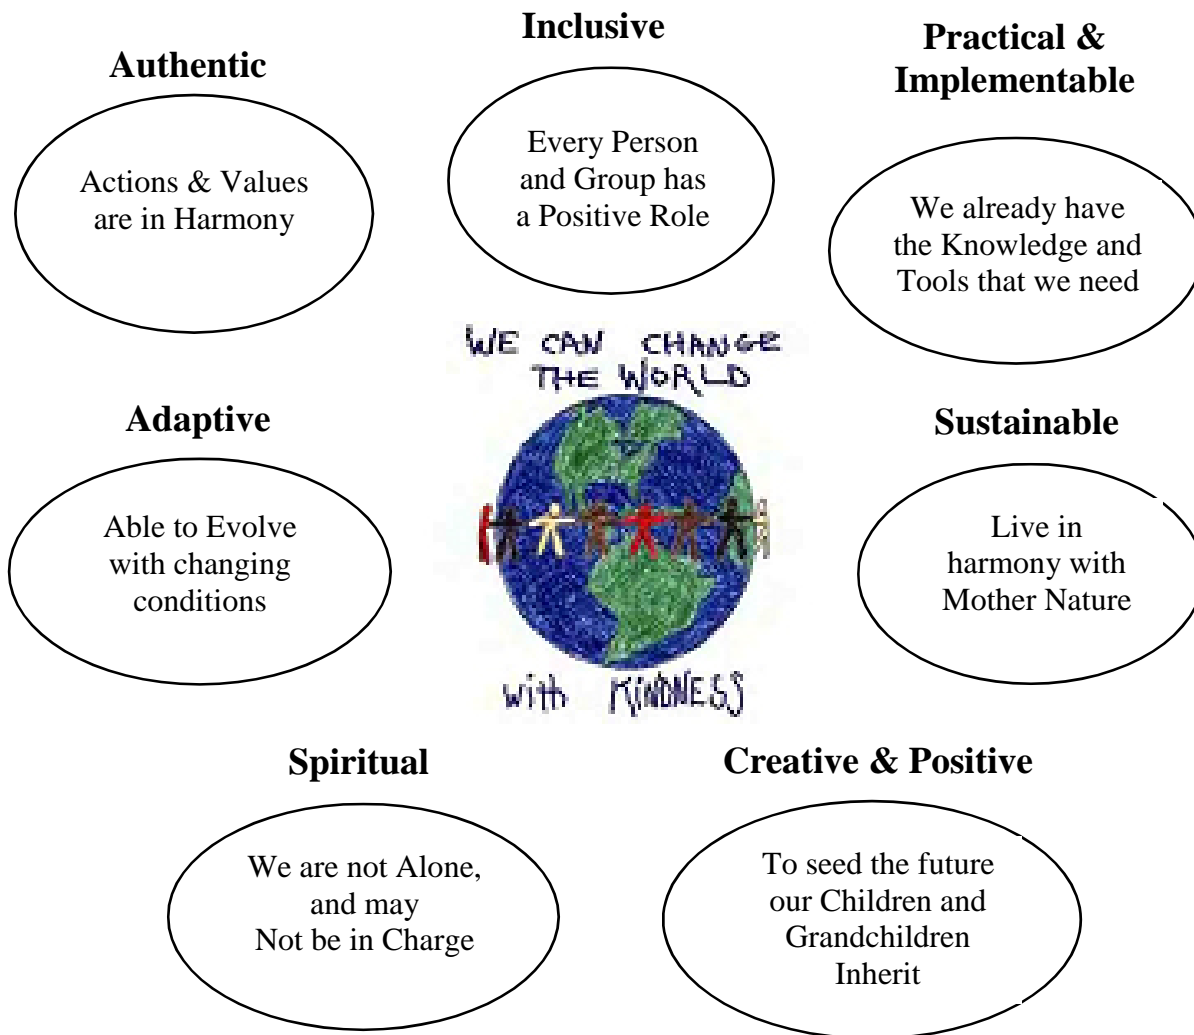

**Exchangeability** — trading places would be OK. (Exchangeability does not mean everyone would like or prefer the change. It means people would not feel they were being punished or stigmatized - or unjustly rewarded—by the change.)

**Mutual Benefit** — The system is designed and intended to benefit all.

*It's all a question of Story. We are in trouble just now because we do not have a good story. We are in-between stories. The old story, the account of how the world came to be and how we fit into it, is no longer effective. But we have not yet learned the new story. ~ Thomas Berry*
